It was a gaming experience that quickly found a place close to the heart of many and after years of hard training, she's back stronger than ever. This time she is in search of a very special sword that possesses immense powers, something that is very hard to master, but whoever succeeds will be unstoppable. Well, it's certainly an exciting sequel that we get to experience here, where the features have been given a hefty polish. The previous maximum win of 1000X the bet has this time been raised to an incredible 19664X the bet. Let's visit this site and find out what else you can expect to see during the spins.

Sakura Fortune 2 Slot Information

The higher paying symbols are a Koi statue, Jizo statue, Yoshida (blue), Tomoe (purple) and Sensei (yellow). The game's wild symbol is four positions high and consists of Sakura herself. ## Sakura Fortune 2 Slot

### Features

What is the max win in the slot Sakura Fortune 2?

You can win up to 19664X the bet.

What features are available in the slot Sakura Fortune 2?

The features are Sakura

Wild, Sword Scatter, Fortune Free Spins and Bonus Buy.

Sword Scatter Respin

feature

Sakura Wild

The game's wild symbol helps to create more winning combinations by substituting for other symbols, except for the scatter symbols. They can land on the three middle reels and if it lands partially visible, it can randomly nudge down to cover the entire reel. Each time a Sakura Wild covers an entire reel, you receive 1 respin and have the wild locked in position during that respin.

Sword Scatter

When you

spin the reels and land 3 scatter symbols on the middle reels, you receive a respin for the reels 1 and 5, which gives you a chance to land more scatter symbols. You continue to receive respins if you land a new scatter symbol and when no more scatter symbols land or if you have received 5 scatter symbols, the Fortune Free Spins feature is activated.

Fortune Free Spins

If you land 3 or more scatter symbols, the Fortune Free

Spins feature is activated. You get the following for the different amounts of scatter symbols:

3 scatter symbols = You receive 9 free spins.

4 scatter symbols = You get 10

free spins and 1 locked expanded wild.

5 scatter symbols = You get 11 free spins and 2

locked expanded wilds.

During the spins, the wild symbols will always nudge to cover

the entire reels when they land and stay during the remaining spins. Each time you land a wild symbol, you will receive 1 extra free spin and you will receive a 3X win multiplier if you manage to lock 3 wild symbols.

Fortune Free Spins feature

Bonus

Buy

If you want to take advantage of the Fortune Free Spins feature right away, you can use the Bonus Buy feature. You can then choose to make 3 different payments that give you 3 different outcomes. These are as follows:

Sakura

Fortune 2 Slot Conclusion

It's another great gaming experience with Sakura, where she is back, years later, even more powerful than before. The stats as well as the features have received a hefty upgrade that allows us to take part in many thrill-filled spins. Yes, the game's theme certainly exudes a harmonic mood permeated by a calmness, but this calmness shifts very quickly to a much more intense presence when you start spinning the reels. Just as the name reveals, Sakura is the star of the game, as she is the game's wild and can also land and cover an entire reel. Within the base game, you usually get a lovely taste of what to expect, where you can land one or more expanded wild symbols at the same time that can generate many winning combinations. Each time a wild land and covers an entire reel, you get an extra respin and the wild is locked during that current spin. However, once the respin and any winnings have been awarded, the wilds disappear from their positions. This is why the Fortune Free Spins are so interesting, as each wild that lands will cover the entire reel and stay there during the remaining spins.

By landing 5 scatter symbols, you also get to start with 2 randomly placed expanded wild symbols and if you fill the middle 3 reels with expanded wilds, you get a 3X win multiplier. That's really when you get to take part in the explosive wins that these wilds can generate. This version has had a fantastic polish to the visuals, with symbols as well as effects being enhanced and given a sharper look. The game's RTP by default is within a good size, but if any of the lower ones are used then the player's conditions drop considerably. From previously having 1000X as the max win, there really is an incredibly juicy increase that has taken place, as one can now win up to 19664X the bet. There are small but essential upgrades that have taken place within this slot, with the original getting a well-deserved upgrade without spoiling its originality. There will be a smooth transition from the original to this, where carefully selected additions have taken place.

Sakura Fortune 2 is a slot where

we once again get to meet the warrior princess Sakura, who this time lets us take part in a delightful upgrade to the original that can generate some gigantic wins.
